Identity-Preserving Text-to-Video Generation

"A young man, a streamer, is wearing a green sleeveless top and red headphones. The background is illuminated by vibrant neon lights. The setting is a well-lit room with a curtain and a lamp visible in the background. His expression and body language suggest that he is speaking passionately into the microphone."

"A woman is sitting in front of a pottery wheel, her hands covered in wet clay. She pauses her work and looks up at the camera, her face beaming with a proud smile as she displays the pottery she has just shaped. In the background, shelves are filled with ceramic works and tools."
